**About**

Hello, I am Tatiana, Front-end developer.  
I'm from Russia, I live in Novokuznetsk. In 2017, she became interested in website development, started studying at [htmlacademy.ru](#). I studied courses in HTML and CSS, the basics of JS. I studied the basics of working with jQuery. In 2020-21, she studied working with TC. She worked in a franchisee company as a junior TC programmer. At the moment, I have returned to the study of website development.
